

Our Mission

Temple Solel is a Reform synagogue, located in Hollywood, Florida. Solel means "pathfinder," and that is what we strive to be for today's Jews. We help Jews create "GPS systems" for spiritual growth, learning, and responding to the challenges of contemporary life. We help our members connect to Judaism, and the Jewish people. "Conventional" worship services...creative musical programs...outdoor worship...youth education and programming...continuing Jewish education...social justice...caring for the environment...life cycle celebrations...socializing and service...

We not only transmit Judaism at Solel. We create it.

Our Values

At Temple Solel, we believe in the 4 H's of Judaism:

The **heart** – traditional and creative worship; life cycle celebrations; focused prayer. At Solel, we value communal worship and individual spirituality.

The **head** – we build the Jewish future through engagement, questions, struggle, and connection.

The **hand** – activism in the larger community. "Every synagogue needs windows" – so that we can see the world. We believe in pursuing social justice, feeding the hungry, helping the oppressed, and working with the community on Sea Level Rise.

Hospitality – the creation of a community where everyone is welcome and valued.
